ART OF LIVING

Since the early 70's, Romate has reserved for ageing thirty-eight casks of 15 year old Cardenal Mendoza Brandy to create a unique spirit, the "Non Plus Ultra".

Only 800 manually numbered bottles are produced each year of this exquisite 50 year old brandy. It is beautifully presented in a fine crystal hand blown decanter.

Cardenal Mendoza NON PLUS ULTRA

Non Plus Ultra is distilled and aged in the traditional solera system, which is a continual blending process of the oldest brandies in American oak casks. By combining static and dynamic aging, Bodegas Sánchez Romate has managed to craft the most unique and rarest of brandies. A brandy of exceptional quality and of extraordinary taste and character.

Today Bodegas Sánchez Romate has the pleasure of offering this superb brandy of unequalled quality to special friends and clients. This exceptional product distinguishes itself for both its aging and taste as the words Non Plus Ultra define.

It gives us great pride to offer the limited production of Cardenal Mendoza Non Plus Ultra to be drunk slowly, leisurely and preferable at room temperature. One should take the time to savor its distinctive aroma, memorable taste and most elegant of blends.
