ROMATE

BRANDY DE JEREZ

SOLERA RESERVA

Presenting ROMATE SOLERA RESERVA BRANDY, from the producer of the #1 Solera Gran Reserva Brandy de Jerez in the US, Cardenal Mendoza.

Romate Solera Reserva Brandy has been aged for a minimum of six years under the distinct solera system in casks previously used for ageing old sheries. This process imparts a rich flavor and very unmistakable character. Romate Brandy also carries the prestigious appellation "Brandy de Jerez"

Romate Solera Reserva Brandy is smooth with a pleasant, oaky bouquet reminiscent of Pedro Ximenez sherry. It is ideally served in the traditional brandy snifter as well as in cocktails.

Romate Solera Reserva Brandy was exclusively made for the Sanchez Romate Bodega as their cellar brandy. As it is customary in Jerez, Romate Brandy was especially available for friends and employees of Sanchez Romate. Since its popularity spread worldwide it is now being released in the United States under its cellar name, Romate Solera Reserva Brandy.
